

## Rededication Service Asks for God's Blessing **Renovations Complete on Kirk Apartments**

On May 15, 2011 board members and friends of the South Carolina Home gathered in front of the Kirk Apartments to dedicate the eight renovated units. As the group shared in a Litany of Dedication, they remembered that *"throughout history, God's people have dedicated their churches, their homes, their possessions, and their lives to God in recognition of his Lordship....today we humbly ask God to bless those who will, for years to come, find rest and renewal in and through these apartments....May the lives of those who find rest here be changed for eternity!"*

Several members of the 5 presbyteries in SC assemble for the rededication of Kirk Apartments after completion of extensive renovations.

These apartments, named for Mrs. Amanda Kirkpatrick, hostess of the Home for 40 years, were built in 1971 and 1985. Following major work on all eight apartments, they are some of the best guest space in Montreat. Aesthetically and functionally, all of the units are improved with new exterior siding and painting (interior and exterior), as well as new windows and doors. Six of the units have new kitchenettes with new appliances. Two units have new wheel chair accessible baths. Each unit has outdoor seating with peaceful views of Montreat.

Funding for the renovations came from gifts to the capital campaign from 21 churches across South Carolina and 88 individuals / families from both South Carolina and beyond. John I.
